BERNADEAN LONG

Men of few words are the best men.

We the class of nineteen, take this way of expressing our sincere regret and offering our genuine sympathy to our beloved classmate and friend, Verdie, in her bereavement through the death of her mother, Mrs. Ella Steffin.

We also take this same opportunity to offer our sympathy and regrets to our classmate Raymond, in his bereavement through the death of his father, the late Mr. A. L. Evans.

Senior Class History

In September 1915 seventy-nine green and bewildered Freshmen entered the Garrett High School. We were welcomed by a reception given by the Sophmores or class of '18. After a few weeks of embarrassment and confusion we became accustomed to the ways of the upper-classmen.

As Sophmores we felt more at home in the G. H. S. This was a very successful year although we had lost some of our members. During this year two of our members, Daniel Farner and Paul Stewart, left us to join the army, and to offer their all, if need be, to atone for the wrong committed against humanity.

In our Junior year we organized, electing the following officers: Warren Harvey, President; Francis Moran, Vice-President; Dorothy Brinkman, Secretary; and Paul Schunk, Treasurer. During our Junior year we accomplished many hard tasks. Our Junior carnival proved to be a great success. Along with the class of '18 we gave up many pleasures on account of the war, among these being the Junior-Senior banquet. In its place we gave a much enjoyed reception.

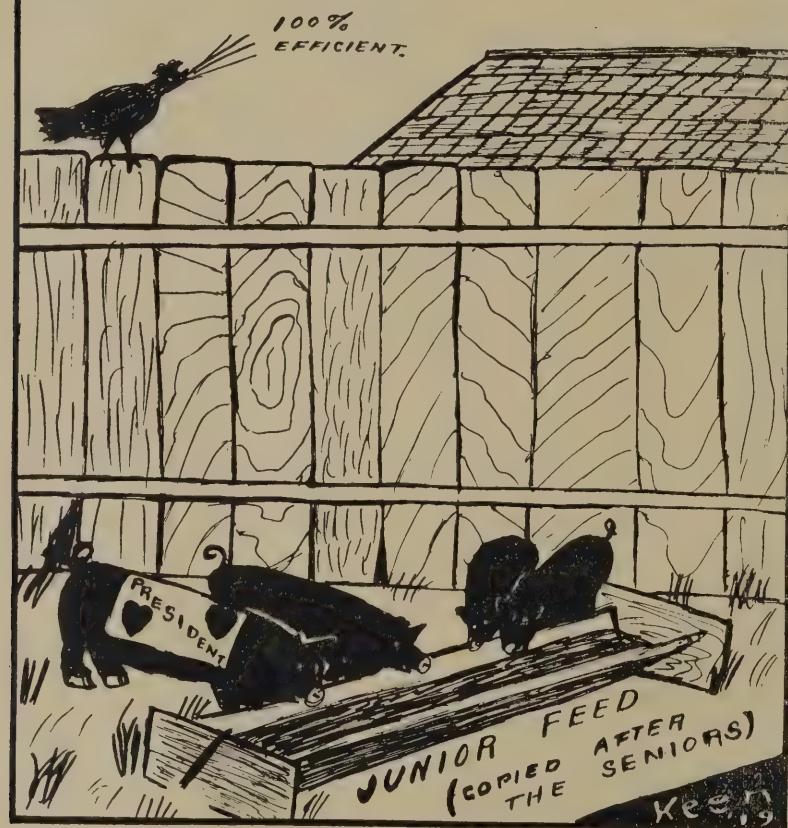

We feel that all of our High School years have been full of joy and success, but none of them can quite compare with our Senior year. Our officers for this year were Joe Mcore, President; Paul Schunk, Vice-President; Dorothy Brinkman, Secretary; and Joe Klein, Treasurer. During the years '18 and '19 our class was honored by having in it Presidents of the A. A.; Boys and Girls Glee Club and Track Team; Foot-ball Captain; and the leading characters of the "Gypsy Rover" were members of our class.

Our Senior year was filled with many pleasant and enjoyable times. Namely, the Foot-ball banquet and many numerous parties and "feeds."

Thus at the end of our four years, we hope that the under-classmen may profit by our mistakes and examples.

History of the Junior Class

When we entered the Garrett High School we had an enrollment of seventy-two pupils. Like all Freshmen we were very much embarrassed at first, but in an unusual short time this feeling disappeared.

We thought little of social life this year and devoted our time to our studies and getting acquainted with High School life.

As sophomores we had a class of fifty-nine pupils. Soon after school began the class was organized and this is where we thought that our real life began. The violet was chosen for our class flower and Lavender and White were the class colors. This year we enjoyed "hazing" the Freshmen and laughing at their mistakes just as the upper classmen had done when we were Freshmen. It was this year that our class gave two of its members to Uncle Sam; they were Edgar Beeber and Austin Gingery.

Our Junior Year has just begun but it promises to be a successful year, not only in school but on the Track and on the Team. Many of our players have already won fame by their work on the Foot-Ball field. We are looking forward to many other opportunities this year of proving our loyalty and ability as individuals, as a class and as a school.

Junior Carnival

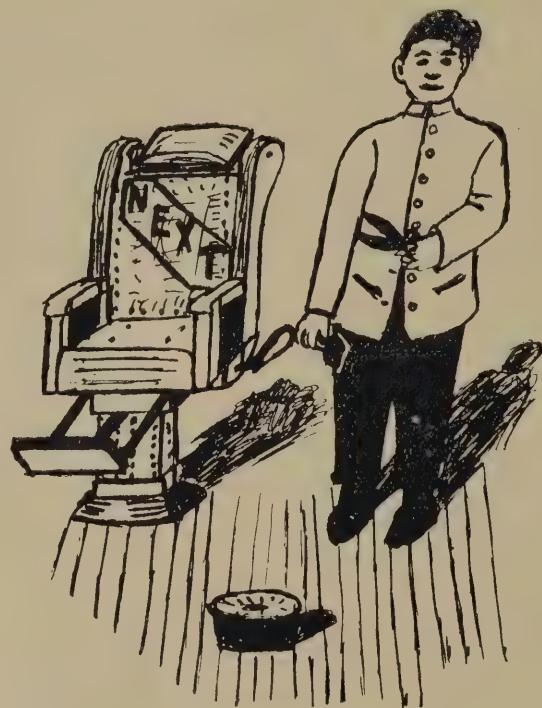

The class 1919 of the Juniors is truly justified in saying that never before has a class from this High School developed and staged a carnival that proved such an overwhelming success. Never before has our High School Home contained so many pleasure seeking people. Owing to the untiring and resourceful efforts of Freeze, Moran, Baker, VanLear, Jones, Lehmbeck and a few other Juniors, exhibited an excellent and entirely original program.

The members of the class are proud of the fact that they cleared one hundred and nineteen dollars, thereby doubling the profits of our predecessors. They also wish good success to the under-classmen when they present their carnival as Juniors.

M. W. Manion

As a token of our esteem and appreciation
for the advice and service rendered us during
the past year, we the Junior Class of 1919, re-
spectfully dedicate this page to one who has
herself loyal and true to the class of 1920,

Sophomore Class History

As Freshmen, the class of 1921 entered Garrett High School with an enrollment of seventy-five students, one of the largest classes ever enrolled in the Garrett High School. Of course, like all the "Freshies", we were lost because everything was new and unfamiliar to us. But finally after a hard struggle we gained the approval of the upper classmates and here is where our joyful life began.

In October we organized our class and chose for our President Francis Klein; Vice-President, Velma Fulk; Secretary, James Mountz; and Chella Addington for Treasurer. During this year Talmadge Brown and Douglas Putt left the class to join the colors.

We entered the High School in 1918 as Sophmores with an enrollment of fifty-four. We elected officers for the second time in our High School career, this time Harold Veazey was chosen president; Donald Alford, vice-president; Chella Addington for secretary and Ruth Harsh for treasurer.

We have enjoyed helping in school activities this year and as a class have held several successful parties at private homes, school house and the Parish House.

It is our aim and the anticipation of our class to help make Garrett High School one of the most prominent and promising schools of the state.

Freshmen Class History

In September, Nineteen Hundred and Eighteen, our class of Twenty-Two, with an enrollment of eighty-five, entered the Garrett High School and began our wonderful career.

Not long after this the Sophomore Class undertook to give our far superior classmen the annual hearty welcome into the High. However they soon realized that this work, which they had begun so enthusiastically, was a large undertaking and the Juniors and Seniors, anticipating their need of assistance, came to their rescue and brought the "Hazing" to a speedy close.

The Class of Twenty-Two had the honor of giving to the regular G. H. S. Foot-ball team some of the most successful players of the season.

In October the class was organized and we chose the Red Rose for our class flower; our class colors were Maroon and Gold; and our Motto, which is very simple but means a whole lot, was "Success".

Our class had a large majority of its members enrolled in the Victory Boys and Victory Girls and were enthusiastic in all War Work carried on in the High. We have also enjoyed many social affairs and we eagerly look forward to our Sophomore year and hope for success to the class.

Kathryn Patterson

An education is an achievement not a gift.
You have to get it yourself, and the way you
get it, is to work for it. You have to work to
get it and then you have to work to keep it.

Girls' Glee Club

Although the Girls' Glee Club has been in existence since the year 1913, it was not organized until this year, when under the direction of Miss Baxter, Dorothy Brinkman was elected President and Alice Dean as Secretary and Treasurer.

The club has taken an active part throughout our commencement exercises. The efforts that this club has put forth and the success that they have attained is highly appreciated by the fellow classmates, under-graduates and the public at large.

Boys' Glee Club

The Boys' Glee Club was originated several years ago, but was not organized until this year, when, under the direction of Miss Baxter, they elected Ralph Probst as President, and Joe Klein as Secretary and Treasurer. The club consists of sixteen members.

Like the Girls' Glee Club, this club participated in many social events, all of which proved to be a success.

The success which the club has had as a whole must be attributed to the efforts of Miss Baxter. It is through her patience and the interest of the club that it has gained the prominence which it now holds, and which it has held throughout the year.

Operetta--The Gypsy Rover

The Boys and Girls' Glee Clubs formed a chorus of nearly thirty members for the purpose of preparing and staging a musical play. The operetta, "The Gypsy Rover" was chosen, and after five weeks of diligent and almost daily practice, it was successfully presented at the High School auditorium, March 28th. A second performance was given by request the following week. The cast of characters were as follows:

Rob, afterwards Sir Gilbert Howe. The Gypsy Rover. Lost heir to the	
Sir Gilbert estates.....	Ralph Probst
Sir Geo. Martindale, an English country gentleman.....	Ford Tinkham
Lady Constance, daughter of Sir Geo. Martindale.....	Dorothy Brinkman
Lord Craven, an English fop, "Doncha know".....	Charles Baker
Meg, Rob's foster mother.....	Alice Dean
Marto, Meg's husband.....	Coe VanLear
Zara, the belle of the gypsy camp.....	Edress Beehler
Sinfo, gypsy lad in love with Zara.....	Joe Moore
Nina, Sir Geo.'s second daughter.....	Violet Ulery
Capt. Jerome, captain in the English army.....	Joe Klein
Sir Toby Lyon, a society butterfly.....	Russell Updyke
McCorkle, a song publisher of London.....	Ivan Fitch
Larkey	Albert Shoemaker

Chorus:—Gypsies, Dames, Squires and six Gypsy children.

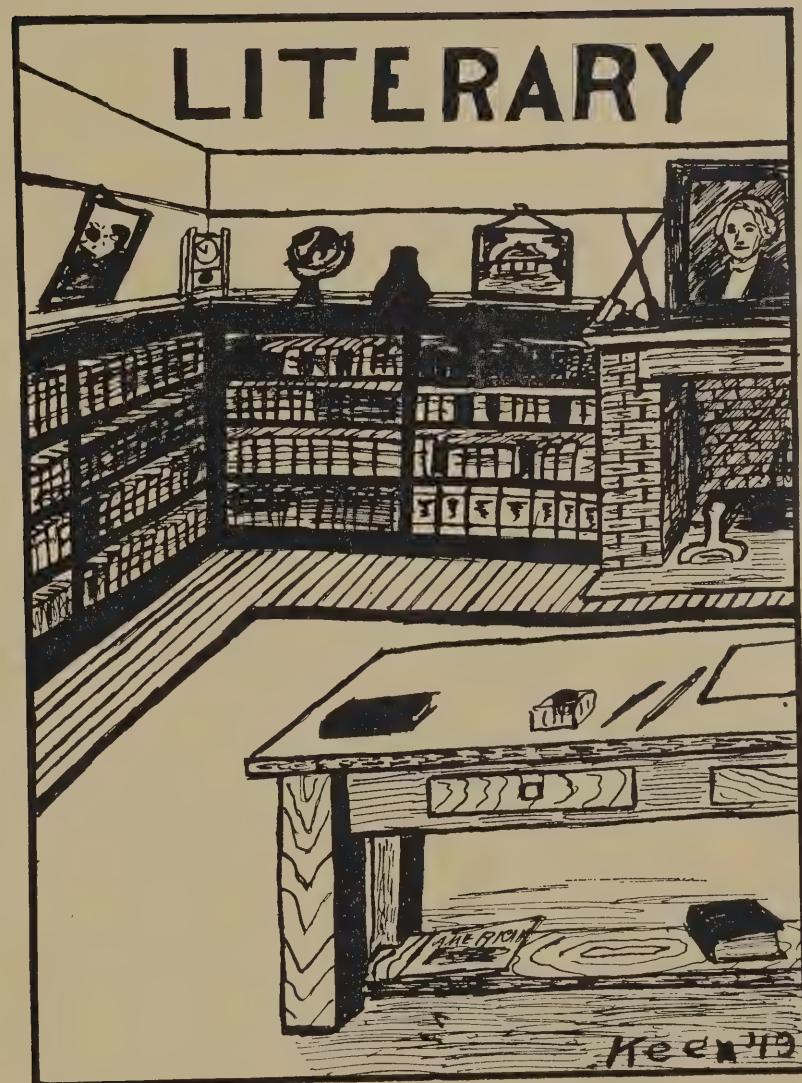

"The Gypsy Rover" is in three acts and is built around the character of Rob, later known as Sir Gilbert Howe, of English nobility. Rob is stolen when an infant by his nurse, Meg, who later becomes the wife of Marto, a Gypsy. Rob grows to manhood among the Gypsies believing Meg and Marto to be his parents.

It happens one day while riding with her fiance, Lord Craven, Lady Constance Martindale becomes lost in the woods. They wander to the Gypsy camp when Constance and Rob meet and fall in love at first sight. Craven objects to Rob's attitude, but in a very funny comedy scene with Marto and Sinfo he is made to tell Sir Geo., who later comes in search of Constance, that Rob is a charming fellow.

In act two Rob goes to the home of Constance and serenades her. They plan to elope but are overheard by Craven, who informs Sir Geo. and Rob is thrown into prison but later escapes.

Two years elapse and Rob has come into his estates, his identity having been proven by Meg. Constance has remained true to her love for Rob and on his return to England, he woos and wins her for his wife.

There are also pretty love affairs between other members of the cast and also good comedy scenes full of laughs.

My Welcome Home

I'm off for home, my last day in the camp,
The rain comes down in torrents, my clothes are very damp.
But I got used to dampness when far across the seas.
When I fought the haughty Germans in the mud up to my knees.

II

I'm not one bit downhearted to leave our old Camp Merritt,
I'm going on the B. & O. to my home in good old Garrett.
There are several other soldiers going there, you see,
But I'm very sure when I get off, the crowd will just see me.

III

The girls all fall for a soldier brave, and I'm sure I look the part,
I'm tall and straight, my clothes are new, and just before we start
I'll put my officer's belt on and my cap from over sea,
And then, when I get off, I'm sure, they will see just me.

IV

There'll be so many people down to train tonight
To welcome me back home again because I went to fight
For freedom and for justice, and I'm proud as I can be,
I know old Garrett's bursting with pride, that's just for me.

V

Just one mile more and I'll be there, to the place they've missed me so.
Oh, I'm so happy, for I know they'll make the whistles blow.
But here we are, I'll just peek out, but where can that crowd be?
I'll stay at home next time and fight, where they'll remember me.

VI

Next day I went to the office, I got my old job back,
There was paint and powder and everything nice but business had gone to rack.
Upon the desk was a pretty rose and the next thing I did see
Was a snapshot of a soldier and I was sure it must be me.

VII

But when I looked more closely, it wasn't me at all,
He was short and fat and ugly, while I'm nice and straight and tall.
I worked right hard all day, sir, to straighten things out right,
And that's what I came home to, and I think I'd rather fight. —Helen Loomis.

Class Prophecy

It was a perfect summer day. The sun shone from a clear expanse of blue, undarkened by a cloud. The air had been quite restful during the early part of the day but in the afternoon dark clouds came rolling majestically up from the western horizon and gradually obscured the light of the sun. Thunder rolled across the heavens and streaks of lightning flashed through the gathering darkness. Soon the rain fell, great, wonderful drops, which clearly announced their continuing the rest of the day.

My favorite place to go at any time is over to my friend, Miss Brinkman's, and especially is this my place of refuge whenever it rains. So on this rainy afternoon I drove over to her home.

Upon being admitted to the household Dorathy had already prepared for a rainy afternoon by getting from the attic a bunch of old books. While she was attending the care of my coat and hat, the first thing that attracted my attention was an old soiled book, which was among the bunch scheduled for the afternoon's reading. This book was the glorious Annual of the Class of Nineteen.

Dorathy had begun the reading of another book, so I lifted the book tenderly onto my lap and as the pages fell noiselessly apart, my eyes fell upon the picture of Alice. When last I had heard from her she was living in Mississippi, but my last letter to her was returned as misdirected. But later I learned that she had married Joe Moore, who was now a prominent furniture dealer of Jackson, the capital of Mississippi. Roger Satterfield had also taken up his residence in this place and was one of the leading bankers.

The clear ringing of the telephone scattered our pleasant memories, and upon answering it, to our surprise, it was Florence, who said that she and her husband, Mr. Kast, who were living in the prosperous city of Boston, desired Dorathy and I to take the trip to Boston and visit them for at least two weeks. She also stated that a special treat was in view for us.

We were very much delighted to think that we had the splendid opportunity of visiting our old school pals, Mr. and Mrs. Kast, and so preparations were immediately made for the trip.

It was a fine day in June when we left and were just seated in the Pullman and had gone some distance when the conductor collected our fares, and who should this conductor be but another one of our school pals, Harold Smith. No surprise could have been greater. Owing to his duties, Harold went on through the train and collected the fares, but soon returned for a chat with us. It was then that we learned that he and his wife, who was formerly Miss Bernice Menges, had their home at Willard, Ohio. He also stated that Miss Lucile Nelson was conducting a beauty parlor at Willard and was doing a wonderful business with Mrs. Raymond Evans as her chief patron. Mrs. Evans was for-

merly Miss Violet Ulery. Mr. Evans had charge of a plumbing shop at that point.

In order that we might make the trip less tiresome, we planned to stop off at various stations, Akron being the first. We arrived at Akron about noon and after looking after our baggage we immediately secured rooms at the Hotel de Chalmers, and upon investigation we found that Joe Klein was the owner of it. After talking with him for some time he offered to take us through the hotel. This we gladly accepted. To our surprise we found Archie Lung as clerk in his office. The bell was then sounded, summoning the bell-boy, and who should appear but Ralph Depew. Upon seeing him and talking of things in general we drifted back to our school days which reminded the manager that another of our school chums was in his employment, and this was Rabie Sliger acting as janitor of the place.

The bell-boy being summoned we left the Hotel and proceeded to take a walk. Having walked a short distance, we became hungry so we stopped in a nearby restaurant and purchased our lunch. Upon paying our bill we were surprised to find that the cashier was Anna Maurer. Unable to talk with her long because of the rushing business, we started back to the hotel.

Upon entering the hotel we were met by the manager. He asked us when we were leaving. We told him that we were leaving on the morning train. He then insisted that we stay until Sunday, which was three days hence. His reason for insisting that we stay was because of his marriage to Miss Helen Swartout. Upon learning this we immediately consented to stay. He told us that he had informed Mr. and Mrs. Kast of Boston, of the occasion, but had received word from them that they could not come. Since we were on our way to visit them, we immediately wired them, that we were staying for the occasion and that they should also be present. We entertained ourselves as best we could until Sunday.

Sunday afternoon Mr. and Mrs. Kast arrived and to our surprise with them were Mr. and Mrs. Updyke, Mrs. Updyke formerly being Miss Hazel Button.

That evening as the wedding ceremony was being performed, we perceived that the attendants of the bridegroom and bride were Arol Draime and Gladys Turney.

Among the invited guests were Margaret Hammers and Royal Keen and also a number of others, who were at one time prominent members of the Camp Fire Girls, including Marjorie Olinger, Fonda Miller, Nellie Lanigor, Bernadean Long, and Helen Loomis.

After the wedding feast, some of us decided to attend a Circus which was being held in a nearby town, under the management of Probst and Harvey. To our surprise we found eight more of our school chums participating in this Circus, who were Ernest Deihl, Oscar Burtzner, Hilda Keen, Kathryn Martin, Dennis Eldridge, Belva Hixon, James Rathwell, and Grace Williams.

EDITORIAL

To the Garrett High School, to the pupils in the grades, to the Alumni, to the School Board, to the Teachers, to our parents, and to all of our true friends, we, The Class of 1919, present the *Æolian*, which is an expression of our School life. It is one of the accomplishments of the class that will remain to be remembered, long after the class has departed from this community and one which is the result of many hours of earnest thought and sincere effort.

The success and appearance of the *Æolian* is due to the efforts of the Editor and his staff, together with the assistance of Prof. Pellett, who has given us many suggestions for this book, and with the help of our fellow students who have brought together material which we hope shall be of interest to you.

Perhaps in your perusal of this book there is some question in your mind relative to the title of this volume, which has been adopted by the school, through the efforts of the Superintendent and the Editor, as a name to be continued for all future Annuals. The name *Æolian* comes from the famous *Æolian* Harp, which is noted for its wonderful and prolonged tones.

It is with this thought that we have worked out this first volume of the *Æolian* and, like the famous harp, we hope the contents of the same will be prolonged and that each succeeding volume, which the classes hereafter will present, will be a continuation of this volume, put across through the efforts of the Class of 1919.

—Paul Schunk.

SOCIAL

October 19th—Wienie Roast.

For the first gathering of the term, the Seniors decided to have a hay rack party at Hixson's grove. A pleasant evening was spent in roasting weinies, toasting marshmallows and telling jokes, but this became a bit too dry for some of them, for they pleaded with the chaperon to let them make a search for drinking water. Everybody had a good time, although there was considerable complaining on the way home about the back rests. Moore can tell you.

November 9th—Dutch Feed.

On the evening of November 9th, the Seniors had a hard time party and dutch feed at Belva Hixson's. They arrived in machines and upon entering the house each one was fined who did not have on hard time "togs." Prof. Pellet and Schunk, however, could not stand the embarrassment of being fined, so sneaked home and changed clothes. Prof. Pellett and wife chaperoned the party.

December 6th—Football Banquet.

On Friday evening, December 6th, the football players and their lady friends held their annual banquet at the Odd Fellows' hall. The banquet was planned and served in seven courses, under the direction of the coach, Otto Kahn. The evening was spent in discussions by the boys relative to amusing incidents which had happened at different games, contests and dancing. Mr. Pellet acted as toastmaster and numerous toasts were delivered by the football players. During the evening, Paul Olinger was elected captain for the coming year.

December 11th.

On the morning of December 11th, the long looked for football letters were finally distributed to the team by their able captain. Each of the football men were called upon to give a speech. As it was unexpected (with the exception of one) there was a little hesitancy on the part of each as to just what should be said. VanLear believes in preparedness alright.

December 13th—G. H. S. Dance.

On December 13th, the G. H. S. gave a dance party at the Phi Delta rooms in order to make financial ends meet. They had a very large attendance and everyone had a good time.

January 29th—Pot Luck in Chemistry Laboratory.

The next social event of the Seniors was a six o'clock chicken dinner in the Chemistry laboratory. About half of the class was present and everyone ate chicken to their heart's content. (Ask Sliger and he will tell you how good it was.) Those present beside the Seniors were Superintendnt and Mrs. Pellett and Miss Thrush, Mr. Pellett acting as toastmaster.

February 11th—Senior Benefit Show.

The Seniors gave a benefit show on February 11th. at the Royal Theatre.

This proved to be one of the greatest financial successes of its kind, and the best that had ever been given by any organization of the High School.

February 28th.

The Seniors decided to have another big feed on February 28th. They made it an unusual affair by extending the invitations to their mothers. After the "eats," everyone gathered in the Assembly Room and a good entertainment was given, including debates, contests, etc.

March 19th—Byron King's Lecture.

On the evening of March 19th, the Seniors were honored to have with them, Byron King, one of America's greatest orators. The lecture was well attended and was interesting, subject of same being "What Fools We Mortals Be."

April 4th—Pot Luck at Dean's.

On Friday evening, April 4th, Alice Dean entertained the Seniors at her home. About two-thirds of the class were present and the evening was spent in playing Flinch, singing and playing. Although there was a scarcity of boys, everyone had a splendid time.

April 11th—Party at Brinkman's.

On the following Friday evening, April 11th, the Seniors, receiving an "invite" from Dorothy Brinkman, had a party at her home. Although it was a rainy evening, a large number were present. They left early (in the A. M.), all having had a good time.

War Work of G. H. S.

The Garrett High, as everyone knows, has not been able to resume its usual duties, as in previous years, because of so many conflicts which have arisen. But we can gladly say that it has not forgotten to do its bit in the great war, which has just come to a close.

During the first of November, the Victory Boys' and Girls' campaign started. This campaign lasted one week and the Garrett High was canvassed. Everyone was requested to give as much as he or she thought able, and consequently every boy and girl gave at least a dollar or more. We really went over the tip top, so as to speak, in this work.

During the first part of January, the Senior girls were asked by the Red Cross to help them by knitting some square blocks for the making of comforters. The majority of the girls were given the yarn and did their bit.

Now that the war is over, we are not forgetting that our duty is to finish doing our bit by welcoming the Garrett High School's returning soldiers and sailors. Not only welcoming them but entertaining them in such a way as to make them feel that the High School appreciates their patriotism. We are extremely proud to know that they have served their country with such a great sacrifice.

Naming Our Faculty

1. Our Superintendent's name is Pellett.
Although we often hate to tell it;
His hair is just one mass of curls,
And is the envy of all the girls;
He laughs and smiles most all the time,
Therefore "Smiles" fits him just fine.
2. Now, Don, he was our Principal
But lately he married a pretty gal;
When he was hit with cupid's dart
The effect of it weakened his heart;
Don left, and now we have Daddy Buckles.
And "Foxy Grandpa" brings forth many chuckles.
3. Miss Dobbrick teaches the girls to sew
And sometimes helps them mix the dough;
The grades she gives are sure not high,
A look at them would make you sigh;
She teaches them to bake from out of books,
So let her name be just "The Cook."
4. Miss Barnes teaches the Latin classes,
To all the many lads and lasses;
She has a mass of Auburn hair,
But to mention it you do not dare;
And as I'm afraid she'll strike me through,
I'll leave her nickname up to you.
5. For English we have Sembower and Thrush,
They take us through the classes with a rush;
The Thrush reminds us of a "bird,"
And so that name she may have heard.
As a chaperon, Miss Sembower covers the map.
Consequently we give her the name of "Chap."
6. For physics and "Chem" we have Miss Klinger,
And she sure is a hum-dinger;
Miss Bennett teaches of past ages.
And of many wise old sages;
To the first we'll give the name of "Doc,"
Alas, the second kept all her names under lock.
7. Miss Baxter teaches us to sing.
And oft we hear VanLear's voice ring;
And sometimes with Schunk he fights a duel;
Miss Baxter sure has some voice,
And "Dimples" seems to be the choice.
8. Mr. Kinsey teaches the boys to pound,
And gee! it sure does make some sound;
Some wood, a name for him would bless,
We'll take the "Cy" from Cypress.
For Ancient History and Commercial.
We can't leave "Uncle Bill" out of the pool.
9. This faculty knows how to teach
And to us they often preach;
We graduate in all our glory,
But still they don't seem to be sorry;
But yet, it does not make us mad.
When on this account, they seem glad.

—Royal Keen.

Theodore Roosevelt

1. Was there ever a statesman whose influence was more felt
Than that of our distinguished Roosevelt?
Who split a party, changed the minds of men,
And finding it disastrous, he changed them back again.
 Such was Roosevelt.
2. He was not afraid of man, nor beast, and truly without fear
He faced the dangerous hun or chased the timid deer;
While exploring the "River of Doubt" where few men dared to go,
His courage never failed him, he was prepared to meet a foe.
3. His pencil was his sceptre, a paper was his throne.
With these he moved the multitudes with a power that was all his own;
And though he had his enemies, with one accord they'll say
We lost a great American when Teddy went away.
4. Teddy was not allowed to fight for the country he loved to serve,
But gave four sons, the Nobel prize, and any amount of nerve.
One son was slain—slain fighting for the right,
But he was an American and showed "We're not too proud to fight."

A Senior

Who is it that leads the A. A.
And makes things go successfully?
A Senior.

Who is it that took the room down stairs,
And never once says he cares?
A Senior.

When the teachers they are ill,
Who in their place do they fill?
A Senior.

Who was the heroine and hero
Of "The Gypsy Rover"? You know,
A Senior.

Then there came a call
For a captain of football,
A Senior.

Basket Ball, who did it suggest?
No one of it could have guessed, but
A Senior.

Who did the annual edit?
No one can have the credit, but
A Senior.

Who spills the H₂SO₄ upon his clothes,
And gets fumes in his eyes and nose?
A Senior.

No year could ever pass,
If there was not a class
Of Seniors. —M. Olinger '19.

Our Motto

B sharp, B natural, but never B flat,
You can't catch the Seniors taking a nap;
Their flag is still up in the heavens so blue,
So what could those poor little Juniors do?
They've made many threats and scowl all day long
While the Seniors go around, on their lips a gay song.
What the words of it are, we don't give a rap,
But the notes are as follows: B sharp, B natural, but never B flat.

—Royal Keen.

Debating Club

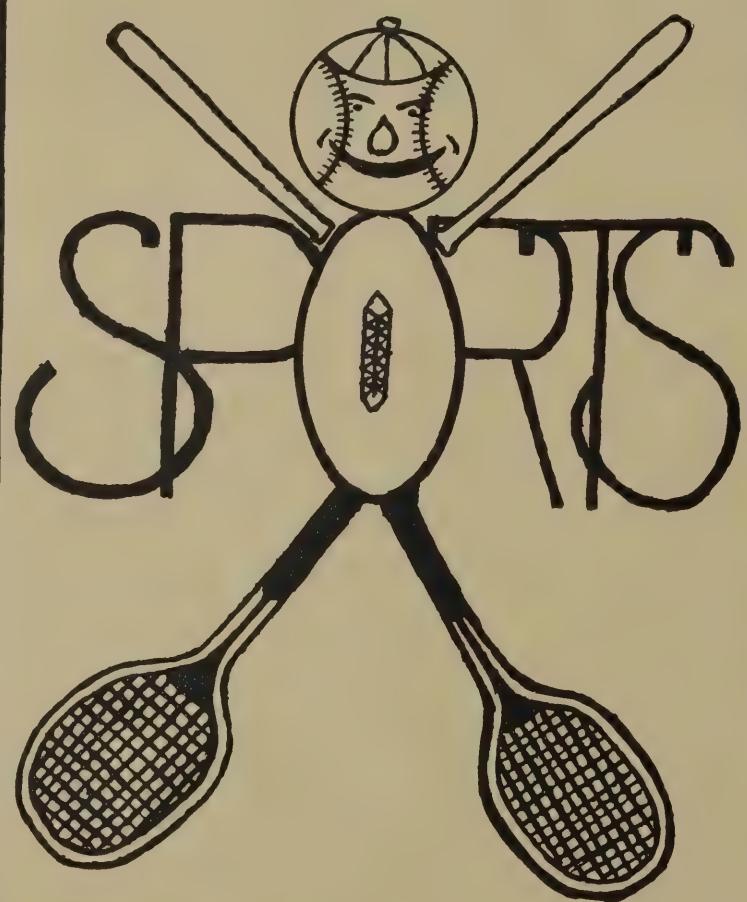

The High School Debating Club was organized last fall under the supervision of Prof. Pellett, at which time Ernest Deihl was elected president, Ralph DePew secretary and Rabie Sliger treasurer. The above officers and Paul Schunk, Warren Harvey, Ralph Probst and Frank Keen were the members of the team, and all took a very active part in the work which the team had to do this year.

It can be said that the team members had a very successful year, despite the fact of their numerous handicaps. The work seemed interesting to all, and each one shared a splendid spirit in performing their debates, and usually they were all fought to a finish.

We were not as successful as we hoped to be, but this was due to the fact that sickness put a damper to our affairs and put us back. We also had great trouble in getting dates with other schools; some did not answer, some stated that they had no team, or else it was the fact that they were afraid of us, which we can readily believe was the truth.

But in spite of all our difficulties which we have had, we made a success of everything that we undertook, and we also wish the on-coming debating club the best of success.

ERNEST DEIHL, President.

FOOT BALL TEAM

FOOT BALL BANQUET, Dec. 5

FOOTBALL

PYRAMIDS, 26—GARRETT, 6

The opening game of High School Football was staged on the home grounds September 28, with the Fort Wayne Pyramids, one of the strongest teams of this section of the country. The boys of G. H. S. were not in good shape, but nevertheless they put up a stiff battle against the visitors, but were defeated by a score of 26-6. This game encouraged the locals to practice harder, the result of which showed in the future games.

HICKSVILLE, 6—GARRETT, 0

The Buckeye City of Hicksville visited Garrett on October 5. A fierce but muddy battle was staged. Hicksville with great difficulty defeated G. H. S., with the final score 6-0.

BRYAN, 54—GARRETT, 0

On the 13th of November Garrett played out of town, with Bryan, Ohio. A great amount of beef was exhibited by the Bryan eleven in this game, which was one of the things lacking in the Garrett team. Bryan didn't seem to have much trouble in carrying off the honors, for they defeated Garrett with a runaway score of 54-0.

PYRAMIDS, 12—GARRETT, 7

The next day being Saturday, November 14, Garrett played the Fort Wayne Pyramids here on the home grounds for a second time. The visitors being supplied with new men this time, decided to give the locals a good trimming, so with the aid of wet, muddy grounds, defeated the Garrett eleven a second time by the narrow margin of 12-7.

DEFIANCE, 0—GARRETT, 0

Saturday, November 21, found Garrett at Defiance, battling with the high school eleven of that city. An excellent game was staged, and Garrett kept Defiance on the jump all the time. At the call for time up, the score stood a tie, 0-0.

HICKSVILLE, 6—GARRETT, 6

The last game of the season took place at Hicksville on Thanksgiving day. On a muddy field the Garrett boys went to battle their foe. Garrett managed to keep the ball in Hicksville territory most of the time. The G. H. S. boys had the ball up to Hicksville's one yard line three times, but did not succeed in putting it across the line. After wallowing in a "sea of mud" for a long forty minutes, the final score stood 6-6.

BASE BALL

Joe. Klein, c. F. Lehmbech, 2b. P. Olinger, sub. H. Moran, c. f.
A. Freeze, p. E. Beeber, 3b. R. Updyke, r. f.

R. DePew, l. f. C. Baker, ss. capt. W. Harvey, sub. M. Manion, 1b.

The first game of the season was staged at LaGrange on Friday April 11th. Although we beat LaGrange last year we had hoped that they would stiffen up a little but to our surprise after the first inning we found them out. Pitcher Freeze did himself proud by not giving LaGrange a single hit. The fellows reported the game very exciting on account of the many girls who were spectators of the crowd, trying to get someone's goat and Freeze says they sure had his. However the game was finished and we beat them by a score of 20-0.

The second game of the season was staged on our local grounds, with Angola, April 25th. When they first arrived we could feel ourselves slipping but we kept up courage and after the first inning we started to walk away with them and kept on doing so until they decided not to give us another chance at the bat. This was the second great victory of the season, the score being 18-1.

May 9—Avilla at Garrett. G., 18; A., 3.
May 10—Lagrange at Garrett. G., 15; L., 3.
May 14—Hicksville at Garrett. H., 5; G., 4.
May 23—Garrett at Angola.
May 27—Hicksville at Garrett.

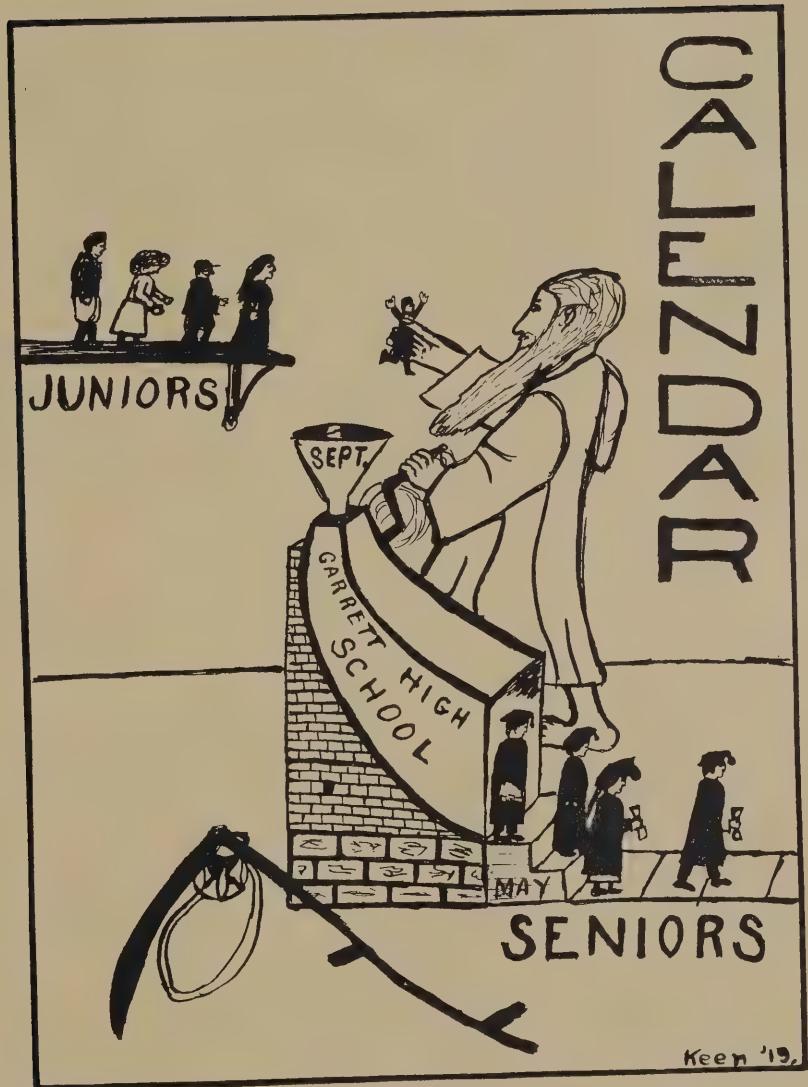

TRACK TEAM

The Track Team not being organized for a term of three years, it was a rather difficult question or task to organize this year and at the same time make any headway whatever. But under the careful and attentive leadership of Captain Sliger they put the thing across in great shape. However they participated in no out of town track work owing to the fact that none of our neighboring towns seemed to take any interest in that kind of work, so the boys battled and contested among themselves and put some very interesting games out to the people.

Gladys—"Do you love me, dear?"

Arol—"Dearly, sweetheart."

Gladys—"Would you die for me?"

Arol—"No; not yet. Mine is an undying love."

Royal Keen—"Miss Barnes, when I say 'good night' to my girl, should I kiss her on the door step or on the porch?"

Miss B.—"The lips or the cheek would be preferable."

Alice Freeze (in Latin II)—"Three times I strove to cast my arms about his neck, and,—that's as far as I got, Miss Barnes."

Miss Barnes—"I should think that was far enough."

D. Ditmors—"The horse and cow were in the stable."

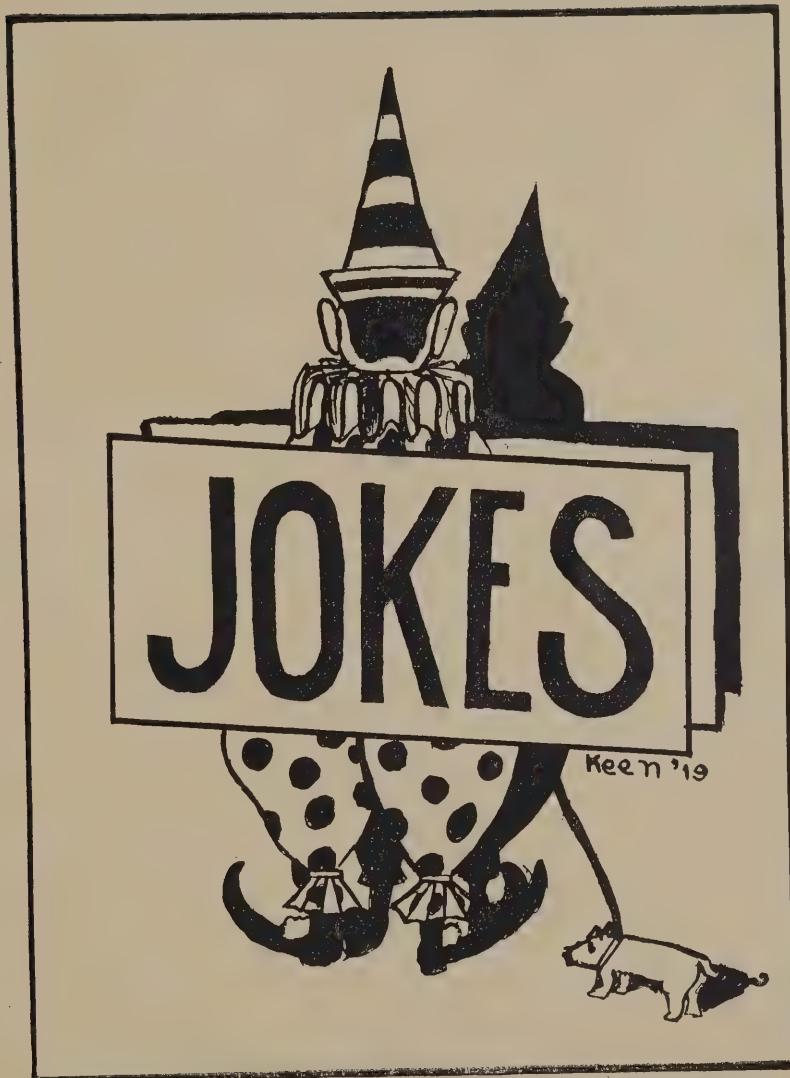

Anna Maurer—"That should be—The cow and horse were in the stable."

Dorothy—"I don't see why."

Anna—"Ladies should come first."

Raymond (over the phone)—"You were very cold to me last night. What's the outlook for this evening?"

Violet—"Fair and warmer."

JOKES

TRAGIC

He noted her smooth, round cheek as he swiftly approached her. They kissed. Suddenly she recoiled from him and buried her face in the cushion. He stood speechless. All of a sudden she started from the cushion and ran toward the precipice. She jumped. He was alone. (The above is an impression of something that happened one of our staff.)

TOO OLD TO MENTION

I stole a kiss the other night.
My conscience hurt, alack.
I think I'll go again tonight
And give the darn thing back.

Klein, in chemistry class, was heard to break forth in loud talking.
Miss Klingler—"Klein, take chloroform."

Rabie Sliger to Dorothy Ditmars:

"Do you love me, or do you not?
You told me once, but I forgot."

Mr. Franks (in Arithmetic class)—"James if you would think like that for one hour, your feet would get cold."

Violet Ulery says the essential part of whiskey is sawdust.

The Juniors are the heart of the high school;
In the affections of the teachers are found,
For they never play the part of a fool,
Nor make the least bit of a sound.

Here's to a young Sophomore, who tried to make love,
But he is as slow as a carrier dove,
For Randall Witherspoon got there first,
And Everet Franks got the worst.

Ralph DePew's favorite saying in chemistry class is that one substance has no affinity for another.

Harry Scisinger (in civics class)—"If the president should die, who would be the president?"

Miss Bennett (teacher)—"Harry, that is very unmannerly for you to interrupt me. * * * You may leave the class."

Russell Housel—"We named our cow 'Indiana.'"
Ilo B.—"Why?" —
Housel—"Because she went dry."

Oh, you pompadour! Have you seen 'em grow
On the heads of everyone, high or low?
Some on Juniors, some on Sophs,
But we notice that Harvey has taken his off.

Mr. Kinsey—"Henry, have you any thumb tacks?"
H. Reinoehl—"No, but I have some finger nails."

Conductor—"Your fare, please."
Belva Hixon—"Oh, thank you! Do you really think so?"

Miss Barnes (in Latin class)—"Oh, our boys don't have to go up hill to attack the enemy, do they?"
Elva Iler (to another Soph)—"I thought she was an old maid."

Miss Bennett—"Why was the capture of Vicksburg an important battle?"

Florence Cobler—"Because it happened on the Fourth of July."

Violet Ulery (to K. Martin)—"When I was riding in your machine I was chilly, but as soon as Raymond and Harold went with us it seemed to get warmer."

Miss Thrush—"Why do the Seniors seem so one-sided?"
Florence Cobler—"Because they have only one Lung."

Van Feit—"Charles, do you see anything wrong around this high school?"

Baker—"Yes, there is a Yarde around here with only two feet."

Miss Klingler—"Ford, what is the freezing point of water?"
Ford—"When it gets solid."

Miss Klingler—"What are the three states of matter?"
Harold Smith—"Ohio, Indiana and Illinois."

Baker—"I am going to join the army."
Lehmbeck—"What, the marines?"
Baker—"No, the Apple core."

Ernest Deihl (in English class)—"There isn't any school on Wednesday. Are there, Miss Thrush?"

Probst—"Say, Prof., what is a pole cat?"
Pellett—"A pole cat is an animal that you handle with a pole, and the longer the pole, the better you are."

Tinkham (to barber)—"I believe you have cut my hair before."
Barber—"No, I have only been here a year."

Little Willie
Pair of skates
Hole in the ice—
Golden gates.

Mary had a little lamp;
It was well trained, no doubt,
For every time a fellow called
The little lamp went out.

Little Johnnie's gone to heaven;
His face we'll see no more,
For what he thought was H-2-O
Was H-2-SO-4.

Jones—"I swallowed some gold paint last night."
Lehmbeck—"How did you feel this morning?"
Jones—"Guilty."

Miss Thrush (in English 12)—"Franklin's wife was one of the first to smile on him as he went down the street in Philadelphia with a roll under one arm and eating the other."

Miss Thrush—"Name the principal parts of drink."
Everett Franks—"Drink, drank and stewed."

Lillian Heinzerling—"My goodness! This the first Tuesday of the week, and I have nothing done."

Velma Fulk—"Say but this rain is wet!"

Miss Bennett (History 10-A)—"How was manufacturing carried on in the old days?"

Ethel Button—"They were not carried on like they are now; they were carried on horse-back."

Miss Barnes (Model for Caesar classes)—"Equo ne credite—trust not your horse."

Miss Bennett (in civics)—"Are senators paid every year?"
K. Martin—"No; annually."

Miss Bennett (in botany)—"What are those climbers on plants which do not twine about as tendrils do, but hold fast by suction?"

B. Deihl—"Why, suckers, of course."

Buss Updyke (in history 12)—"The underground railroad was a tunnel for slaves to escape through from Alabama to Alaska."

Miss Bennett (to Helen Swartout)—"Helen, you shouldn't laugh in class."

Helen—"Well, I couldn't help it; I was just smiling, and the smile broke."

Oscar Fitch—"And believe me, she's some girl."
Bernard Foutch—"Clever?"
Oscar—"Very. She's got brain enough for two."
Bernard—"Just the girl for you; why don't you marry?"

A Greater Tri-State

Recent legislation has given Tri-State College greater opportunities than it ever had before to expand its Teachers' Training work.

It is fully accredited to do all classes of Normal work, and is increasing its facilities to take care of the large number of students who will come to it this summer.

Young men interested in Engineering are requested to investigate the two-year courses which have been approved by prominent Engineers. Write to the President.

A Final Word

Not even the well worn excuse, "on account of the war," has deemed itself sufficient for the Senior Class of 1919 to put one over on tradition and custom. So an additional volume of the *Æolian* will give your library table and later the attic, where in years to come it will be resurrected along with the ancient album to show the grandchildren how queerly Mamma and Pappa dressed when they went to school.

But do not deceive yourself into believing that ornamentation and preservation are the only assets of this handsome book. Oh, my, no a favorite expression of one of our fellow students cannot express the indignation with which we would deny such an accusation. Probably our coal administrator could illustrate to you the valuable combustible qualities of this carefully selected paper, and in the age of heatless days, some time you may, while warming your frozen fingers over this burning volume, offer tearful thanks to this struggling staff. But let me sight you to another valuation, and that is, that if you were to ask our business manager how much paper has gone up in the last year and how much more it is going up, you need not be surprised if junk dealers in your town or city should offer you a small fortune for this same production.

So as you read through this volume a record of the past school year, pictures of the faculty, senior and underclassmen, even the freshies and other jokes, do not hesitate in giving it your very best opinion and pass it on to someone else who might see it and thereby making it a greater success and form a more permanent foundation for the following classes so that their attempts to publish an Annual might be even greater than ours.

There is a man who runs our schools
And bosses those who wield the birch,
He obeys all the Golden Rules,
But he fell asleep in church.

He discusses all the Theromes and laws
Why cats turn over when in the lurch,
Why men as well as monkeys move their jaws
But he fell asleep in church.

He likes to skate and is interested in other games
And is a man who does not sit himself on a perch,
In general he is a grand old sport, but just the same
He fell asleep in church.

THE AEOLIAN IS A LOCHNER PRINTERY PRODUCTION

The Seniors of the G. H. S.

Are, of course, the very best;
They work and strive with all their might
And put the other classes out of sight.
The Freshies, who are just beginning
Have to take up art and singing,
But we are educated enough
So that we don't have to take "that stuff."
They may be classed as "A Comedy of Errors"
As they take everything in a rush and in a terror.
The Sophomores think they're so dignified
But over Caesar, they've sighed and sighed.
They're not as great as they pretend to be.
They are the laziest set, as you'll agree;
They'll have to be excused, you know,
Because they are so dreadfully slow.
But they try to put their name above all
And many a time they're greatly appalled.
There's another class that must be named
Although many a time they're greatly defamed.
It's the Junior class, by the others called,
But if we had our say, they'd be quickly annulled
To put them in rank was not our intention.
But for politeness sake, they're mentioned.
Our Senior Class numbers forty-two,
The largest class that ever got thru.
So we are proud and we know
We can make this year the largest show.
Of course, the other class will be jealous,
And for a still larger class will be zealous.
So now we'll leave the G. H. S.,
To leave other classes to work for the best.
We worked very strenuously to High from Low,
But all's well that ends well, as everyone knows.

—Edress Beehler.
